

Boy Fatally Injured In Coasting Accident

Robert Houser Pronounced Dead Upon Arrival At Hospital Following Accident At Heights—Several Local Residents Injured In Falls On Ice

Funeral services for Robert Houser, age 8, of 16 Newland road, who was fatally injured while coasting near his home Saturday afternoon, were held Tuesday morning.

The funeral was from the Daniel P. O'Brien funeral home, followed by a requiem high mass in St. James church.

The accident happened at the corner of Newland road and Bow street when, according to the police, a truck operated by Louis J. DeNatale crossed the crosswalk at Norfolk road and Jason street, Saturday fore-

noon, of 658 Summer street, struck the sled. The boy suffered a fractured skull, it was reported. A citizen called the police and the ambulance was rushed to the scene. At the Symmes hospital where the injured boy was taken, Dr. Ezekiel Pratt pronounced him dead. Dr. Dow, medical examiner, and Motor Vehicle Inspector Charles Sullivan, as well as Police chief Archie P. Bullock and other police officials were notified of the accident, and an investigation was immediately launched. The accident was the first coasting fatality in Arlington this winter.

Young Houser leaves his parents, William and Helen G. (Nolan) Houser; two brothers, William and David, and a sister, Ruth. He was a pupil in the second grade at the Peirce school, Arlington Heights.

Town Studies Oil Problem

In view of the fuel oil shortage and the recent ruling of the OPA calling for the return of some of the coupons issued to those in charge of non-residential buildings, and the possibility that conversion to coal for all public buildings may be ordered in the future, the board of selectmen has engaged the services of an engineer to make a survey of needed materials and costs to convert town-owned buildings from oil to coal if it need be.

Buildings under the jurisdiction of the selectmen, now heated with oil, include the Robbins town hall, Police headquarters, Park Circle fire station and the Robbins House.

The Mt. Pleasant cemetery chapel has already been converted from oil to coal. The board of public works has also ordered a survey of its own building at the town yard, 1063 Massachusetts avenue, now heated with fuel oil. The school department is taking similar steps in connection with two school buildings now oil-heated.

Michael J. Burns Is Praised For Heroic Action In War Zone

Michael J. Burns, of Thorndike street, who went about his business very quietly but enthusiastically helping the Arlington Boys club in many ways during its early stages, has been commended by a superior officer in the Southwest Pacific.

Burns, now serving with the U. S. Army in the South Pacific, was commended by Col. Frank L. Burns for his "splendid performance of duty during a bombing of this area." The Arlington young man's quick action and disregard for his own safety greatly assisted in the quick rescue of two members of attacked units who were buried in a slit trench, due to an explosion, Col. Burns states.

A meeting of the local unit was scheduled for last evening at which time further discussion of the resignation was to take place. Whether the unit will continue to operate was unknown yesterday, since it was evident that the feeling over Mrs. Hammond's resignation was bitter.

GIVE ENOUGH... SOON ENOUGH to the Greater Boston United War Fund is the least Arlington can do to help win this war on the Home Front, declares Chairman Roscoe O. Social Service League To Hear Dr. Bronner

Dr. Augusta Bronner, a director of the Judge Baker Guidance Center in Boston, has accepted the invitation of the Arlington Social Service League to be guest speaker at the organization's annual meeting, next Friday at 3:00 p. m. in Robbins library hall.

Dr. Bronner is a nationally known psychologist and has written several well known treatises and books on subjects relating to her field. While at the Judge Baker Guidance Center, a study clinic for boys and girls who are exhibiting conduct, personality, educational and vocational problems, Dr. Bronner has had excellent opportunity to observe intimately the difficulties which the adolescent encounters in facing the world of today. The wealth of material which she has in her possession insures an enlightening and interesting talk on the topic which she has chosen.

Volunteers To Make House-To-House Calls

Elliott Is General Chairman Of Arlington Campaign To Raise Funds For Morale-Building Agencies—Seven Local Organizations To Benefit

Determined to raise \$33,500, Arlington's quota in the Greater Boston United War Fund drive, scores of volunteer solicitors started making house-to-house calls last night in the biggest fund-raising drive of the year.

This year's campaign in Arlington is under the direction of Roscoe O. Elliott. Working under him are precinct chairmen, ten captains in each precinct and collectors working in cooperation with respective captains. Weeks of preparation have been put in to organize the small army of campaign workers to assure that every section of Arlington is covered. Whether Arlington will raise its share of the \$7,800,000, the goal toward which some forty-seven Greater Boston communities will strive during the next two weeks, depends upon the citizens of the town. The progress of the campaign will be made known at headquarters in the Old Town Hall building, opposite Pleasant street, where workers will make their reports. Everything there is in readiness to quickly tabulate reports as they come in.

Over two hundred hospitals and other institutions in Greater Boston will benefit from this United drive which eliminates the need of several separate smaller campaigns. Included in this number are seven Arlington agencies, members of the Arlington Community Chest of which Harold Cahalan is president. They are: The Social Service League, the Visiting Nursing Association, St. Vincent de Paul society, St. James Guild, the Arlington Boys' club, the Arlington Boy (Continued on Page Four)

Improved Bus Service To Standpipe Is Seen

That residents of Kewlyn Manor and of the Heights Tower section, as well as defense workers of the Dewey Army company, near Alewife Brook parkway, may soon get better bus transportation service was indicated this week when it became known that steps have already been taken to restore more direct bus service from the Heights Tower to Harvard square, via the Concord turnpike.

Because of construction work necessitating a detour of the existing service between Harvard square and the Standpipe, some months ago, the Elevated was permitted to run its buses over the Metropolitan District-controlled Alewife Brook parkway, to the Heights, via the Concord turnpike. When the construction was completed, the buses went back to the present route whereby buses leaving the Standpipe go down the Concord pike as far as the Pleasant street underpass where they swing off and circle many streets in Belmont before entering Harvard square.

Representative Hollis M. Gott has been active in having the proposed route established it is understood. Late in June, 350 persons signed a petition which was sent by Franklin Moore to Edward A. Dana, head of the Elevated, requesting that this service be granted. It is expected the state department of public utilities will grant the permit.

Auto Injuries Prove Fatal

Two deaths resulted from automobile mishaps, were recorded by the local police during the past week. The first involved a coaster who died after being struck by a truck Saturday afternoon.

On Wednesday afternoon, Mrs. Amanda Harriage, age 86, of 36 North Hancock street, Lexington died at her home as a result of injuries suffered when she was struck by an auto, at the corner of Massachusetts avenue and Park avenue, on November 17.

Mrs. Harriage was first removed to the Symmes hospital in the police ambulance, and was later transferred to her home.

Local Lodge, Sons Of Italy Marks Birthday With Special Program

Arlington Lodge, Sons of Italy, celebrated its 18th anniversary Sunday afternoon in its hall on Myrtle. Invited guests present included Selectman Ernest W. Davis, Rev. Fr. Donelan of St. Agnes church, Lt. Thomas P. Sullivan representing the Arlington Elks, Charles L. Berg, representing the Legion, and former Town Councilman John J. Murphy.

Sal Cannistraro opened the meeting after which the colors were escorted into the hall by a Legion color guard. Joseph Dente was chairman of the committee in charge. Brief speeches and the singing of "America" and the "Star Spangled Banner" featured the anniversary observance.

A large birthday cake, the gift of the ladies' lodge, was presented by Mrs. Sal Cannistraro.
Refreshments, entertainment, and music completed the day's activities. A large sale of United States war savings stamps and bonds, in charge of Miss Victoria DeCane, was reported.

Ration Coupon Banking In Effect January 27

"Ration coupon banking," a new type of banking service for retailers and wholesalers of rationed commodities, designed to make the nation's ration program work more effectively, will be inaugurated in Arlington January 27, it is announced by Edward C. Hildreth, cashier of the Arlington National Bank.

This is a war service that the government has asked the banks to undertake under which wholesalers and the larger retailers will be required by the OPA to open "ration bank accounts" in the banks with which they customarily do business. Into these "ration accounts," the wholesalers and retailers will deposit their ration coupons received from their customers against which they will draw special "ration checks" when ordering new supplies.
It is expected that only the retailers whose food sales in December, 1942, exceeded \$5,000 will be directed by the OPA to open "ration accounts." No charge of any kind will be made by the banks for this service.

GIVE ENOUGH . . . SOON ENOUGH

Arlington marches forth this week to prove that the famous New England spirit of neighborliness lives. The drive to raise this community's share of the Greater Boston United War Fund opened yesterday. If the goal set is reached, the true heritage of New England lives. Certainly in these trying times no better proof of the supremacy of Democracy can be offered. The Axis powers will find an undefeatable challenge in this answer of the American people, as they live and share in a neighborly way.

A population of forty thousand is called to raise a sum of \$33,500. for that is Arlington's Goal. And why you ask? Let us look about us. First there are the boys who belong to the Arlington Boys Club. Whose sons are they? Yours, mine, and our neighbors we hasten to answer. Add to these the many Boy Scouts. Certainly you know some of these boys. Nor are the girls forgotten for the Girl Scouts of Arlington participate in the fund. These activities are a part of community service to provide a true heritage in neighborliness.

In the past generation when illness struck, the neighbors brought in food, visited with the sick, and did chores. Today's demands make it impossible for us to drop our own affairs to do this for our neighbor but we can contribute to the United War Fund. Thus the Social Service League can provide services that demand tact, skill, and training. The Visiting Nurses visit the ill and do much in the way of preventative medicine, a distinct contribution to society at large. Let us not forget the St. Vincent de Paul and the St. James Guild, founded on ideals of charity that reach far into the past.

It was only yesterday that our neighbor's son came in for a cookie. Today he is in the service fighting side by side with our own son, somewhere on the other side of the globe. There are over two thousand sons of Arlington in the service. They still need the friendship of a neighbor - cookies and

A Prayer For Today

O God, we thank Thee for the blessings of freedom and work and a place to live.

We thank Thee that our homeland has been spared much of turmoil and disaster;

That we can give our children food, clothes and shelter from undue hardship;

Inflame our spirits with the need of those in our own or other lands who are not so fortunate.

Help us to see that our children are safe only if all children are safe; that our souls can grow only if we share to the full.

Let not our gallant allies find us wanting in self-sacrifice.

Let not the soldier at the battlefield give more fully than we.

Let us not forget that we who are strong must care for the weak, that all may have courage for the task before us.

Consecrate us, O Lord, that we may share; that we may serve; that we may prove worthy of our blessings.

Strengthen us, O Heavenly Father of all humanity, that we may build a better world, where all may live in brotherhood, sharing one another's burdens.

eats, sociability, and entertainment. Where will they get it? That is the purpose of the USO to furnish a wholesome opportunity for recreation. Here in our midst, Boston possesses the reputation among the servicemen that it is the best town that they have been in yet. Our neighborhood has grown to include the many boys over our nation. We cannot let them down.

War has brought a sudden realization that there are no barriers to neighborliness. Somewhere over there our boys are on strange soil. Again the USO seeks to encourage these sons of ours and our neighborliness and to render the many services that we would like to do but cannot because of distance. Yet we can support the United War Fund.

Did you read last night that the boy around the corner - yes - that lanky one has been taken prisoner? It must be a trying situation. Yes, they named it right when they call these prisoners the Barbed Wire Legion. We ought to do something but can we? Yes, we can give to the United War Fund towards the War Prisoners Aid.

The appeal of the United War Fund is as wide as the world and hits nearly every home in Greater Boston. It is for the USO to bring the comforts of home to fighting men; for United Nations Relief to give food, clothing, and medicine to their neighbors the Allied Nations; for War Prisoners Aid to bring the hope of life to the captured Barbed Wire Legion; for 235 Community Fund hospitals, health, youth, and social service agencies serving the people of Greater Boston.

Lest we forget our New England heritage - are you a good neighbor? Will you give enough, soon enough?

The NEWS OBSERVES

Community Chest officials were on the warpath yesterday morning, looking for an Indian who's missing just when most urgently needed. There'll be no blood shed however because the Indian is wooden. It's the painted sign, showing the chief with feathered headdress, which is placed annually in the Center to indicate the progress of the United War Fund drive. With the drive about to start, no one could locate the sign until several clues were run down, and it appears that the chief will be back soon. Watch the United War Fund total grow on the sign - in the Center, at Massachusetts Avenue and Pleasant Street.

Ice carnival performers had nothing on Arlingtonians this week as they skidded around and did some fancy stepping on icy sidewalks and streets. The situation might have been worse had it not been for the public works department which did a good job and kept its sand trucks busy all week trying to keep everybody happy.

Annual town election March first - and, if you are of legal age and not yet registered as a voter, you may do so on one of several registration days, the first of which will be February 2.

The Massachusetts Parent-Teacher association will hold its mid-winter conference at Hotel Vendome, Boston next Thursday.

The current campaign by the Selective Service System to eliminate delinquencies is meeting with a quickening response from registrants who have been reported as delinquents for failure to keep their local boards notified of changes of address. Colonel Ralph M. Smith, State Director of Selective Service said today.

With February 1st set as the zero hour for an all-out offensive by the Department of Justice to apprehend all reported delinquents, registrants who have failed to comply with some instructions of the local board due to carelessness or negligence are reporting current addresses to their local boards in increasing numbers.

During the remainder of January any person now reported as a delinquent who voluntarily reports to his local board will be permitted to comply with his legal obligations without penalty, provided the local board recommends to the United States Attorney that the charge of delinquency be dropped.

Charles P. Howard, Treasurer of Middlesex County, and Nathaniel I. Bowditch, Charles C. Warren, and Archibald R. Giroux, County Commissioners, have announced that at the end of the fiscal year 1942 there was unobligated cash in the treasury of Middlesex County in the sum of \$304,156.41. This balance is the largest in many years. It would be known in private business as a surplus. This is especially interesting because Middlesex County in 1942 had the lowest county tax in fourteen years.

To Register All Plumbers

George W. Day, plumbing inspector for the town of Arlington, has been appointed chairman of the local emergency plumbing service committee by the Massachusetts Committee on Public Safety.

Chairmen will be appointed in every city and town of the Commonwealth for the purpose of coping with any emergency which may arise on account of extreme cold weather and lack of fuel. The recent cold snap during which water pipes froze in hundreds of homes, led to the discovery that an acute shortage of plumbers exists in this area, many of whom are now employed at the Navy Yard and other war production plants.

The local chairman will complete a list of all master plumbers in this vicinity. This list will be made available for all public emergencies due to low temperatures. It will result in an effective assembling of plumbers to meet demands for service in any emergency. It will facilitate the contacting of plumbers not only for cases of frozen plumbing, over a wide area, but to repair damage caused by possible attacks.

All plumbers are urged to register with Mr. Day at the Robbins town hall as soon as possible.

Washington Calls For Typists, Stenographers

Washington has put in another urgent call for New England Clerks, Stenographers and Typists to work for war agencies in Washington at the new increased salaries of \$1752 per annum and \$1971 per annum. Stenographers with two years of experience will be eligible for the \$1971 per annum grade. Persons with no knowledge of stenography or typing may qualify as clerks. Examinations for these positions are given regularly by the Secretary Board of U. S. Civil Service Examiners, Post Office Federal Building, Boston.

The First Regional Office is also offering a special program to Typists and Stenographers for duty with the Navy Department in Washington, D. C. This program allows for appointment to the Navy Department in Boston at \$1752 per annum. At the end of a two-week indoctrination period in Boston the girls are transferred at government expense to Washington.

CIVILIAN DEFENSE

News of special interest to local civilian defense volunteers will appear regularly in this column.

AUXILIARY POLICE
The regular monthly assembly of the Auxiliary Police will be held next Monday evening, at 8 o'clock, at the Junior High East on Foster street.

The speaker will be Hammond Douglas, Jr. who was with the American Field Ambulance Service at the Libyan front. A picture "Rescue Work" has also been secured. This will show the work done after an actual air raid in London.

A newly formed committee has been appointed in connection with the Auxiliary Police work. Known as the Activities Committee, it consists of a member appointed from each of the five platoons: Edwin Brown (No. 1), Corp. Washburn (No. 2), Sgt. Nickass (No. 3), Corp. Clerk Heasley (No. 4), Sgt. Daley (No. 5), Lieut. Berg of the staff, and Lieut. Daniel P. Barry as chairman.

The purpose of this committee is to plan meetings conducted weekly. Suggestions from the individual members are given and if found to be of value, are put into effect. As a result of this set-up, two very interesting meetings have been held during the past week.

At Platoon No. 2 last Monday evening, Herbert Cronin, a member of that Platoon, gave a most interesting talk on "Observation and Identification", and its great importance to the auxiliary officers. Rudolph Regut gave a demonstration on self defense.

Because of the interest displayed in this program, Mr. Cronin visited Platoon No. 1 at the Senior High School last evening and repeated his talk.

Course Starts Monday
The new course on chemical warfare, announced last week by Chester R. Whitman, coordinator of the medical unit of the Arlington Committee on Public Safety, starts next Monday at 8 o'clock, in Room 14, senior high school.

This new course will include the study of the composition of the different gases, their action on the body, their diagnosis and treatment, chemical and thermal burns, systemic poisons, medical decontamination, collective and individual protection. It will stress the practical side instead of theory.

All members of the medical unit are requested to take this course for their own protection. Instruction will be given by Dr. Paul F. Ross of Arlington. He has made a very thorough study of chemical gases and their effects on people as well as the treatment of these gases. Dr. Ross has been physician for Dewey Army Chemical Co. for over 10 years.

Praises Local Set-Up
As the result of a survey recently completed by officials of the State Committee on Public Safety, Ken P. Miner, controller of Civilian Defense Area 5-C, has sent a letter to Chairman Hollis M. Gott, congratulating him on the high standards already attained by the Arlington Committee on Public Safety.

The letter reads in part as follows:
"During the past year there has been a noticeable improvement in the morale of the Arlington personnel, in the co-ordination between Town officials and the Civilian Defense staff. The citizens of Arlington should take great pride in the knowledge that its organization has now reached a point where it could successfully cope with an emergency."

"The Civilian Defense personnel should understand that the situation here is steadily becoming more acute and that the need of their services is greater than ever. They must be prepared to cope with sudden disaster of either foreign or domestic origin. That means that continuous study and drill is absolutely essential."

Thanks Local People
Patrick F. Pallante, chief air raid warden, this week expressed to the householders and business establishments of this town the appreciation of the Arlington Committee on Public Safety for their co-operation in observing the dim-out regulations.

The few violators of the rules have been called before the board and have been given instructions on the proper observance.

AHS Sextet Still at Top as Downs Leaves for U. S. Army

Arlington High's hockey sextet, coached for the last time by Lieutenant Charles Downs, who left for the United States Army Air Forces yesterday, battled Melrose High to a terrific 5 to 5 tie in a Greater Boston league game at the Garden Saturday afternoon.

Coach Charles Downs was handling the Red and Gray skaters for the last time, at least for the duration, and the league-leading Men-

omy boys were out for a victory which might tighten their hold on the league lead. The tie keeps Arlington at the top in the league standings with four wins, one loss and one tie.

Bruce Gardner and Bill Cronin scored the Melrose points but were assisted in all five cases by Ed Cahoon who played a stellar game. For Arlington, Mel Massucco was the big gun, scoring three goals assisting in another, and sparking his team in the third period when Arlington overcame a 4 to 2 set-back by taking a 5 to 4 lead.

Melrose scored two points early in the first stanza, and Massucco came back to score from the blue line for Arlington. Cahoon passed beautifully to Gardner in the second to make it 3 to 1 in Melrose's favor. Gardner scored a fourth tally with a close shot.

Massucco later put Arlington in the swim with a shot from the red line in the third period. Three other Arlington scores followed. Malone from Pife; Massucco to Sheehan and Malone to Massucco, to make it 5 to 4 in Arlington's favor.

A tough break sent Massucco off for tripping, late in the period and, with 26 seconds to go, Cahoon passed the puck to Cronin, who scored the tying counter.

Similarly in Arlington, members of the local unit have paid their own way and have worked hard to set up quarters in the old Wyman's restaurant, on Massachusetts avenue.

Meanwhile the name of Mrs. Grace Gooding of Northampton has been mentioned as a possible successor to Miss Hammond. Another is Miss Susan Hammond of Nahant, former drillmaster of the corps.

Office and defense equipment, said to be worth \$20,000, loaned by Miss Hammond to the corps were moved out of the premises on Beacon street, Boston, Wednesday.
